### From the Principal

#### Reconciliation Week

Reconciliation is not what we do because we feel we have to but because we know it is the right thing to do, demonstrating respect and inclusion of Aboriginal and Torres Strait Islander peoples and their cultural heritage and to further understand our own identity as Australians.

We have much to learn and to be open in enriching our lives through a better understanding of Aboriginal and Torres Strait Islander cultures. Understanding, acceptance and the celebration of our different cultural backgrounds strengthen our relationships and our sense of community.

Embedding reconciliation into our day to day school culture and practices makes it everyone's business and it brings it to life through our actions. Our Australian Curriculum places enormous value on reconciliation through the cross curriculum priority of histories and culture of Aboriginal and Torres Strait Islander peoples.

Acknowledging reconciliation week as we have done this week, strengthens our capacity to continuously work on our partnerships within our school community, and continue to reflect on our beliefs and values of respect and care for others and reminds us to stop, reflect on our relationships and their significance.

I know that over this past week each class has worked on Reconciliation and for me, the one most significant learning has been to understand what the term means in the bigger sense of the term and what it looks like and means at a more local level. Discussions across the school by Reception through to Year 6/7 were sincere and thoughtful. It increased my optimism for a brighter more accepting and harmonious Australian society in the future.

Volunteers
If you are attending any school camp you will need to have a National Criminal History Record Check and Screening Assessment completed and returned to us before the camp. If you are attending an excursion or working with children in the school we ask that you also have a clearance completed. Please collect a form from Linda in the front office. All checks last for 3 years.

Help support our school!
Remember to collect the Earn & Learn Points stickers when you shop at Woolies. The more we collect, the more our school will benefit.

Last year we were able to add to our Mathematics resources ensuring that each of the 24 classes had access to a range of tangible tools to support the learning and consolidation of number skills. Teachers are keen to add to these and other classroom resources to support equitable access for each student.

The Woolworths Earn & Learn program ends on Sunday 8th June.
Thank you for your support.

YEAR 4 CAMP – ARBURY PARK

The year 4 students from rooms 20, 21 and 22 spent three days at Arbury Park Outdoor School (Bridgewater). The camp, which provided environmental learning experiences including science, history, exploring ecology, group development and outdoor recreation was extremely popular, informative and tiring! We would like to thank Vince Pagnozzi, Con Tragakis, Vanessa Williams, Samantha Hutton, Colleen Sims and Catherine Riggall who gave up their time to help make this a fantastic camp. Thank you also to Dean Davis, Carol Sharpe and Dora Iuliano who came up and visited us during the camp.

Year 4 teachers

“The weather was cold and wet but it was more fun that way. I loved slipping down the hills and jumping in the mud.” Georgia, Room 22

“I learnt never to annoy animals as some bite!” Hannah, Room 22

“The activities were an experience of a life time like building cubbies out of sticks, going exploring and taking water samples.” Ben, Room 22

“I learnt about water invertebrates which I found fascinating.” Kate, Room 22

“The staff members were nice. I always had David and there was Vanessa too and I would like to thank the chef too.” Alek, Room 22

“The bird hide wasn’t a hiding place for birds; it was for people to hide in.” Weilan Room 22

“The Paramak people are the original inhabitants of The Adelaide Hills.” Zoe H, Room 20

“On Wednesday rooms 20, 21 and 22 went on a camp to Arbury Park Outdoor School. My favourite activity was fresh water life. We got to look at tiny pond creatures under a microscope. Some of them looked really interesting; some had tiny organs visible through their skin that you could only see through a microscope. I think Arbury Park is a fantastic place for camps. Thanks to all of the parents, teachers and staff who helped make this camp possible.” Madeleine C, Room 21

“Camp was a great experience for me because it was different to normal life. I really enjoyed the team challenge because we got to work together in a team to complete all the challenges and it was fun.” Callum G, Room 21

“Ponds have a lot of different tiny, microscopic life in them.” Kiara W, Room 20
“On camp I really enjoyed the team challenge because we got to take a risk and trust others. I learnt lots of new things like how animals survive in the wild, what animals feel like and their differences and similarities.”
Matthew J, Room 21

“I loved our camp and I think everyone should go on a camp. I enjoyed our team challenge because it was fun and we worked together. I learnt that if you trust a team member or person then you could complete a challenge. Camp is great to go on because it’s a challenge to sleep away from home and it is a chance to know others.”
Talissa F, Room 21

“I learnt how to tell the difference between bush-tail and ring-tailed possums.”
Paris H, Room 20

“I really enjoyed camp because it’s a fun way to learn new things. My favourite activity was fresh water life because we got to find out about creatures that I’ve never seen before. Thank you to the parents and teachers because without your help and organisation we wouldn’t have gone camping.”
Maddie T, Room 21

“I think camp was fun because I learnt new things. I really enjoyed Plant Propagation because I learnt that some trees take 90 years to grow. I would recommend that other students go on camps because it gives you a chance to get to know other students.”
Jacob M, Room 21

“I liked the ‘magic forest’. It was really pretty and it was fun exploring it.”
Gemma V, Room 20

“The Bridgewater mill was used to make flour.”
Lara S, Room 20

“On camp I really enjoyed the activity called animal survival because I got to touch a Koala. I also learnt how to orientate a map during orienteering. Thank you to the parents for attending our camp and also to the teachers who organised the camp for us.”
Marisa D, Room 21

“I learnt how to build a shelter out of sticks.”
Ben D, Room 20
PERFORMING ARTS NEWS

Fractured Fairy Tales Puppetry Show
The year 6 and 7 students attended a fantastic performance ‘Fractured Fairy Tales Puppetry Show’. This follows on from the work we did last term on creating Twisted Fairy Tales. We all enjoyed an exciting show.

Special Effects Make Up Workshop
Earlier this term, the year 5, 6 and 7 students attended a Special Effects Make-up Workshop. They learned about creating realistic bruises, cuts and grazes for stage performances and film. The workshop also involved basic first aid scenarios which looked at how to treat each of the wounds. It was wonderful to see the students engaged and excited to learn. We would like to thank Ovation Theatre Company for such a fantastic experience.
