FROM THE PRINCIPAL

Reporting to Parents
This term parents will be receiving a written progress report covering all curriculum areas. Our staff has decided to report on the new areas of the Australian Curriculum, English and History introduced this year. Please be mindful that this is a progress report as we have not covered all areas of the curriculum.

If you have any questions upon receiving your child’s report please make a time convenient for both you and the class teacher to discuss these early in term 3.

Congratulations!
Three of our year 7 students are acknowledged for their continued high performance and effort in instrumental music which was rewarded with entry into Marryatville HS Specialist Music program. They are Ruby Head, Jack Overall and Abigail Riggs. I know that this small group of students represents many others who put in an enormous effort with hours spent on practising their love of playing an instrument. Their goal of special entry into the esteem program at Marryatville has materialised. They have done our strings orchestra and our school very proud. Congratulations to Abi, Jack and Ruby!

A very big thank you is also extended to Margie Hopgood for her support as their instrumental music (strings) teacher.

OVATION – “TALES OF A FOURTH GRADE NOTHING”

My name is Taylor; I am in Year 7 and I am a student of Ovation. Ovation is a theatre company in Adelaide which offer students a great opportunity to start or continue an acting, singing or dancing career. It has given me confidence, I have had great fun and made new friends.

This year Ovation is putting on a middle years’ production, “Tales of a Fourth Grade Nothing” which is based on a 9 year old Peter’s life, his best friend Macy, his enemy Britney and his annoying family. His Mum is hard to get along with and is constantly blaming him for everything. Peter’s Dad is focused on work and his annoying little brother always gets in his way.

This performance is unique, creative and full of laughs. I am thrilled to be part of it!

**ROOMS 3 AND 4 NEWS**

Middle Years students from Rooms 3 and Rooms 4 have been collaborating with St. Dominic School in New Jersey, USA. Through this exciting partnership, the students have been learning about each other’s culture and differences. To make this possible, the school has been using Skype to video call the other school over the internet. A camera was set up so that each class of students could be seen by the other school and one by one the students approached the front to ask their questions.

The students had a wonderful experience and enjoyed a follow-up session on Thursday the 13th of June at 8am Adelaide time. Students discussed a number of different topics and at one point showed them a Jar of Vegemite. The American students were very interested in it and keen to try the product so the East Adelaide School students will be sending a jar over so they can have a taste. Throughout the conversation students talked about their school day and even learnt from each other. East Adelaide students talked about their student leadership positions and St Dominic students talked about their technology club that they had set up for interested students. Both classes were using online website creator ‘Weebly.com’ and were delighted to share their experience. Both groups of students showed a keen interest to collaborate more in the future.

**Poems by Jasper, Room 4**

```
I love the game we call cricket
It’s exciting when I take a wicket
The nerves are there when you face
the first ball
But make a good score and I can
stand tall
The sun beats down on you back for
hours
But it’s worth it to make the game
ours
Mateship is something I treasure
And playing the game gives me
pleasure
```

```
The wind blows gently
Leaves turn gold and red
Autumn must surely be here
```

```
Today the park looks great
The way it shines in light
Birds chirping happily
Children playing boisterously
Makes me feel warm in side
```
