Planning for 2015
Term 3 is the time we begin planning for the following year. Enrolments are critical to our staffing formulae and to support forward planning could you please contact Linda via email linda.fehlandt511@schools.sa.edu.au or ring the school office on 8362 1622 to inform us if you will be leaving our school community. It would be most helpful if we received this information by Friday 5th September. In upcoming newsletters, information will be also provided regarding class placements for 2015.

Orienteering 2014

**BOOK WEEK ASSEMBLY**

**Dress as a Book Character Parade**

At our Book Week assembly on Friday the 22nd of August, a prize of a book will be awarded for each year level by members of the Book Week Committee.

To have a chance to win, a child must be in costume and carry a poster with an excerpt from the story their book character comes from. For instance, if they were coming as Little Red Riding Hood, the poster might say:

‘Then I’ll huff and I’ll puff and I’ll blow your house down.’
So he huffed and he puffed and he blew his house down, and the wolf ate up the little pig.

Teachers and students have been working with their buddy classes on reading activities based on the shortlisted books and the theme ‘Connected to Reading’. Their work will be displayed around the school.

**AFTER SCHOOL SPORTS**

**WELCOME BACK TO TERM 3**

What a fantastic result for Australia at the Commonwealth Games. Hopefully our green and gold success has inspired some future EAS sporting superstars.

With a cold and wet return for most of our teams, along with some of the coldest mornings for 126 years, I would like to take your mind of the arctic conditions briefly and make it known that summer is fast approaching and this means the **Term 4 Summer Sports registrations** are now open.

The Term 4 Summer Sports open for registration are Year 2-7 Basketball, Year 3-7 Cricket, Year 3-7 Cheerleading and Year 2-7 Netball. Netball and Cricket Skills sessions are also available for students in Reception to Year 2.

More information about each sport, along with registration and payment details, can be downloaded from the school website www.eas.sa.edu.au or collected from the front office.

**Closing date for Year 2-7 Netball registrations is Thursday 21st August.** This is required to coincide with EDNA regulations. Registrations after these dates may result in students being placed on waiting lists.

Registration closing date for all other sports is Monday 8th September.

**COACHES WANTED**

Do you think you have what it takes to be East Adelaide School’s next Lisa Alexander (Netball) or Darren Lehman (Cricket)?

If you are interested in coaching one of our sports teams in Term 4, we would love to hear from you.

No coaching experience is necessary however all volunteers at East Adelaide School are required to have a current Child Related Employment Screening clearance and attend a volunteer training session held at the school. The next session is on 18th September at 6pm. Screening application forms are available from the Front Office and the cost is covered by the school.

STUDENT LEARNING IN ROOM 18 / YEAR 4

Room 18 students have been studying aspects of the First Australians and the First Contacts with others as part of history. As part of this study, a technology task was to construct a bark shelter using sticks and bark collected on a walk. Students worked collaboratively to solve the problem and used a glue gun.

Another task that students were engaged in was to use plasticine figures to retell the story of Thukeri, the bony bream, take photos of each scene and then use photostory to publish their retelling supported by their own audio track.

The bark structures and plasticine characters can be viewed in the Resource Centre.
On Monday 4th August, 57 students from Years 4 to 7 participated in the Orienteering Championships at Belair National Park.

It is with great pride that we are able to announce that the students were successful in winning the Championships for the 19th consecutive year. This is an outstanding achievement and all teachers and students are to be congratulated on their effort.

The Orienteering program is a unique and valued component of the Health and Physical Activity program for students at East Adelaide. The students and teachers engaged in a number of practice programs in the lead up to the Championships. They learnt new skills and applied these to move around the course within a certain time frame. Students received points for the school if they finished within the first six place getters.

The following students were place getters this year:

Debating News
East Adelaide Blue lost a debate to Belair Primary on Tuesday 5th August at Pulteney Grammar. The topic was "That Single-sex Schools are best" Although our research re the negative was compelling and our presentation was confident and engaging, we now need to focus on expanding our skills of rebuttal.
